Dispute

Office work

- Received CCO 48-1 from MCM. Rick Morrow needs to approve before going to the DO.
- Talked to Diana McCollum of MCM regarding the rejected extra work bills. She said that she is instructed to send the EWBs in because of interest rate compensation. I told her that we are rejecting the EWBs because we want MCM process the CCOs faster and we do not want to pay interest on CCOs that MCM is holding. Then I received an email from Ed Puchi saying the they will resubmit the bills. I forwarded the email to Mike Forner in case the dispute escalates.
- Sent out approval letter for EBMUD post sewer video survey by State letter 1616.
- Talked to Raj and Ernie regarding a complaint from the contractor that one of our employees, Emanuel, is routinely driving too fast in the work area. Raj stated that he will discuss this with his employee and will take the vehicle away if need to.
- Sent out an email to Shun Wong, Electrical Supervisor, in the Dumbarton area to schedule a meeting for next Wednesday to visit the site and discuss and issues that they want addressed in the Dumbarton seismic retrofit project coming to construction next year.
- Took the 2009 Information Security Privacy and Awareness training on line and obtained Certification.
- Received an email from Jim Gallego. He will either be out of town or on vacation for most of the month of July. He will return to Northern California on the 27th of July. He will make the weekly scheduling meetings via telephone.
- Jonathan Yeo was assigned a vehicle today. The truck Make and information is as follows: 1997 Ford Model: F150 (dual cab) Equipment#: 0074089, Mileage: 100342.2.
- Received an email from Reba that some of our staff go to MCM to get information and documents from them. This is not acceptable because we have all the information on the OPMIV and there is no need to disturb MCM with our issues. There will be a meeting with Mehran and Chris Master tomorrow morning to resolve this problem.
